

**Instruction Manual for
M67 Double Flip Holder
for M67 Macro Ports**

PN# 25108

FOREWORD

Thank you for your purchase of a NAUTICAM product.

At NAUTICAM, we pride ourselves in the ability to recognize the requirements of professional as well as amateur underwater photographers and fulfill them through the innovative designs of our products. We strive to achieve a high level of user-friendliness by allowing stress-free installation and easy operation of all important functions of the camera.

Please read this manual carefully before using the product, this will maximize its performance as well as its lifetime.

WARRANTY

All NAUTICAM Products are warranted against any material and manufacturing defects for two years from the date of purchase for consumer use. This warranty only applies to products purchased from authorized NAUTICAM dealers and does not extend beyond the original retail purchaser.

To return your product for service, please contact your regional authorized service center(s). Please note that this warranty only applies when the product is purchased in the territory where the service center is located.

NAUTICAM does not hold responsibility for damage, of any nature, to any equipment used with and/or placed within our products.

NAUTICAM accepts no liability for any loss of captured images or the inability to capture images even if it is due to the malfunctioning of our products.

Unauthorized modifications and/or repairs of our products will automatically invalidate the warranty.

INSTALL TO THE PORT

1. Press the lever and flip the holder to the side

2. Remove the locking ring from the flip holder

3. Align the two positioning screws on the back of the holder with the slots on the front of the port.

The position of the flip holder can be changed by relocating the two screws in the threaded holes around holder.

CARE AND MAINTENANCE

Soak the flip holder in fresh water after each dive and use air blower to remove any sands or dusts in the hinge part.

4. Fasten the holder by screwing the locking ring into the thread on the front of the port.

5. To un-mount the double flip holder from the port, reverse the above steps.

**This M67 Double flip holder has been designed to use with Nauticam Wet Lenses, such as MWL, SMC and CMC, which means that this holder has to support the weight of those lenses. Hence, tightness of the hinge is necessary and normal.*

Remark: All Nauticam product manual will be changed to e-manual in end of 2018. Please download corresponding product manuals on Nauticam.com website, or contact us for e-manuals.
